Your water and sewer service are supplied from the municipal system and is billed and payable monthly at City Hall. You must make application at City Hall for this service. There; is a \$100.00 deposit required for the water service when renting. The deposit will be on the account until such time as the renter moves; The deposit will then be applied to any remaining balance on the account then the remaining will be forwarded to the new address. It is the customer's obligation to notify City Hall when they vacate so a final bill can be read. The water bills also contain charges for residential trash collection. Water meters are read on or near the 15th of each month. The bills are then processed and mailed on the last working day of the same month. Payment is due when billed and bills shall be considered 'delinquent' after the 15th day of that month; a 10% penalty will be applied to all 'delinquent' balances. Accounts beyond 15 days 'delinquent' are subject to disconnection without further notice and an additional \$30.00 will be charged for this disconnection.
